Hello Knights!

## **Meal Account Balances**

With the announcement last week that school meals would be free to enrolled students at Union CSD for the remainder of this current school year, the question on the minds of several parents is, what about the balance in my child(ren)'s meal account?

Families will have the opportunity to request all or a portion of the lunch account balance be refunded to the person who made the deposit. There are a few things to consider though before making the request.

If you have a middle or high school student that purchases things from al a carte, eats second meals, or purchases extra milk, those must still be paid for from the student's meal account, so you may want to leave a balance in there to cover those things. Will it be easier financially to leave all or some of the funds in the account for next year?

Each family situation is different and we respect that, so if you could use the funds in the meal account at this time, please contact the building secretary in which your child attends and they will prepare the paperwork to make this happen within the next month.

As always, please do not hesitate to reach out to your student's building principal or myself with any questions.

Take Care & Go Knights!

Sincerely,

Travis Fleshner
