ISASP TESTS: APRIL 10-14

This upcoming week, our 3rd, 4th, and 5th grade students will be taking the annual Iowa Statewide Assessment of Student Progress and the Condition of Learning Survey. The ISASP assessment will focus on reading, math, language, writing, and science while the Conditions of Learning Survey focuses on school culture and climate. A district letter was sent out March 20 by Mr. Howard explaining in detail the importance of these 2 assessments. We ask that parents can help your child by making sure they are on time and in attendance to school each day next week, they get good rest and eat a quality breakfast, and you encourage your child to do their best on all tests.

KINDERGARTEN INFORMATION - 2022-23

Calling all incoming kindergarten students! The secretaries at Dysart-Geneseo and La Porte City Elementary buildings are creating their list of students who will be five years old by September 15, 2023, so they can send you kindergarten registration materials. If your child currently attends the four-year-old preschool program in either school building, the materials will be sent home with the students the first week of April. Please complete the forms once you receive them, and return them to your child's preschool teacher no later than April 28.

If your child does not attend preschool, please contact the secretaries at 319-476-7110 for Dysart-Geneseo Elementary students, and 319-342-3033 for La Porte City Elementary students, so they can get your child added to the list of incoming kindergarten students. They will need your child's name, parents' names, address, phone number, email, and child's date of birth. After you contact the building secretaries they will send you the registration materials. Please complete them and return no later than April 28.

The kindergarten packets will contain useful information about the upcoming 2023-24 school year. In addition to this there will be a powerpoint sent to you with more information about the specific building your child attends. If you are new to our building and would like a tour, please contact the building that your child will be attending.

In early August the JMC online registration portal will open. You will need to go in and complete the last segment of the registration process, which includes payment of school fees, and depositing funds into your child's meal account. Be sure and watch the slideshow sent to you via email for information on accessing the online portal. If you already have children in the district you do not need to create a new account. If this is your first child to attend Union schools the PowerPoint will explain how to set up your username and password for the JMC online portal.

There will not be a kindergarten round-up or parent meeting. Your child's teacher will contact you prior to school starting on August 23, to set up a 15 minute kindergarten orientation time. If you have further questions, please contact the building that your child will be attending.

NEW TK FULL DAY PROGRAM TO BEGIN IN 2023-2024 SCHOOL YEAR

Beginning this fall, the Union Community School District administration is excited to announce the expansion of transitional kindergarten to full-day. Students will attend class according to the La Porte City Elementary daily schedule, and the program will follow the Union Community School District 2023-2024 academic calendar. The students, like in the past, will be offered a quality curriculum, aligned to early childhood education standards, and taught by a licensed teacher. The students will also have all the other options afforded the other elementary students in the district including: Art, ChangeMakers, Guidance, Library, Music and Physical Education. By extending to a full-day, these students will have more instructional time, be able to participate in additional center-based learning and possibly improve their social skills, which will increase their probability of success.

Per Superintendent John Howard, "Our half day transitional kindergarten has been successful for many years, and we are cognizant and proud of this fact. We believe that by adding more classroom, educational hours for our transitional kindergarten students they will be more prepared for the subsequent grade levels. Further, I believe this expansion meets a greater community need as well. I want to thank the Union Board of Education for supporting this change, and we are looking forward to working with students and parents to continue our outstanding results."
